History
Officially founded in 1957, SPE's predecessor organizations date from the birth of the oil industry in the late 1880s.

Background
SPE is a not-for-profit professional association whose members are engaged in energy resources development and production. SPE is a key resource for technical knowledge related to the oil and gas exploration and production industry, and provides services through publications, events, training courses and online resources at www.spe.org. Income from SPE events and services are invested back into SPE to support many other society programs.

Mission
To collect, disseminate and exchange technical knowledge concerning the exploration, development and production of oil and gas resources, and related technologies for the public benefit; and to provide opportunities for professionals to enhance their technical and professional competence.

Major Technical Disciplines
Upstream oil and gas operations, including Drilling and Completions; Health, Safety, Security, Environment and Social Responsibility; Management and Information; Production and Operations; Projects, Facilities and Construction; and Reservoir Description and Dynamics.

Membership
More than 168,000 members in 144 countries participate in 207 sections and 368 student chapters. SPE's membership includes more than 68,000 student members.

Resources
SPE.org: view the global events calendar and register for upcoming SPE conferences, workshops, and forums; search SPE technical papers; find industry reference information; read SPE publications and journals; and purchase technical books and merchandise. Members can manage their membership account, find local SPE meetings, collaborate with colleagues through online communities, submit technical papers for conference presentation or publication, nominate colleagues for awards, or enroll in training courses.

Energy4me.org: SPE's energy education website provides resources for speakers, teachers and students on all energy sources and energy careers.

Conferences and Exhibitions
SPE sponsors more than 140 conferences, exhibitions, forums and workshops each year. The technical programs are presented and created entirely by SPE members and industry professionals. For a complete listing of SPE events and dates, visit www.spe.org/events.

Board of Directors: Four Officers, One Director for Academia, Two At-Large Directors, 16 Regional Directors, Six Technical Directors. For a complete listing, visit www.spe.org.

Board Committees: Audit, Communications and Knowledge Sharing, Finance and Strategy, Member Programs and Training, Programs and Meetings.
